Year. NEW YORK, November 19.—There was a renewal of liquidation in the stock market to-day of a character which carried a formidable influence on specuative sentiment. The effect for good of the national government's plan of relief for the currency situation seemed to have passed away completely, this result being an extension of yeaterday's tendency when the prosegress of the day's dealings witnessed a steady waning of the effect of that factor. Prices to-day got back generally to below the closing level of last week, and in not a few instances to the lowest prices of the year. the Supreme Court.

The Governor yesterday directed the sheriff of Caroline county to carry out the orders of the court and to hang John Taylor, according to the verdict of the Jury on Friday.

The Supreme Court has denied the petition of Willie Banks for a writ of error, another negro, who is sentenced to hang in Charles City county on December 13th, for murder.

Banks may make a further appeal to the Governor, though if he does he will probably fall of his purpose, in view of the Governor's repeated announcements, that he cannot and will not interfers with court sentences, especially where the Supreme Court has passed upon them adversely.
